

Framework to learn from stories

1. Discover:

- What feelings does this bring up for you, those you might welcome or struggle with?
- What is there to celebrate in this story and why?
- What are you curious about?
- What surprises you?

Envision

- What would we like to happen more of the time?
- How would we prefer things to be?

Co-create

- Thinking about our vision, what feels real and possible - however small?
- What can each of us do to put our vision into practice?
- Who can help?
- What are the risks and what will help you to take them?

Embed

- If things move in the direction we want, what might people be noticing?
- How would we like ourselves and others to judge the quality of our work?
